### LANGUAGES

- Azerbaijani: Native
- English: Fluent
- Turkish: Fluent
- Russian: Elementary

### TECHNICAL SKILLS

- NodeJS
- JavaScript
- PHP
- HTML
- CSS/SCSS
- Typescript
- Mongo db
- Express JS
- jQuery
- SQL/MySQL
- Git/Github/Gitlab
- Docker
- Postman / Altair
- Mongoose

### HARD SKILLS

- Agile Methodology
- Project Management
- Technical Team Management

### SUMMARY

I'm a passionate Node.js developer with over 3 years of hands-on experience crafting robust server-side applications. My journey in the development world has equipped me with a solid foundation in JavaScript, particularly with Node.js, and I find joy in creating scalable and efficient solutions.

I love staying updated with the latest in Node.js, and I'm ready to bring my skills to a collaborative and dynamic team.

### EXPERIENCE

- **Backend(NodeJs) Developer** 02/2023 – Present  
ReConvert – Tel Aviv, Israel
  - Spearheaded the development of multiple REST APIs, enhancing system efficiency and user experience, leading to a 20% reduction in response times for critical services
  - Drove a significant codebase refactoring initiative, improving code readability and system performance by 25%, which facilitated easier maintenance and future development
  - Implemented advanced code optimization techniques, resulting in a 15% improvement in backend system performance and reliability

#### Projects within Experience:

- <https://minta.ai>  
Contributed to empowering platforms with AI-driven (GPT) creative content, achieving a 30% increase in user engagement through automated video content creation for marketing needs. Also Paddle payment was integrated, with Shopify API and social media integrations (Meta, TikTok, Pinterest and etc)

- **Freelance Backend Developer** 01/2019 – Present
  - API development with REST pattern
  - Designing database structure for web apps
  - Optimizing and refactoring existing code base
  - Building user interface from design

### EDUCATION

- **Information technologies** 09/2014 – 05/2018  
Baku Business University - Baku, Azerbaijan

### SOFT SKILLS

- **Team Collaboration:**  
Successfully working in teams of various sizes, including a 30+ member team at ReConvert, highlights exceptional teamwork skills, fostering a collaborative environment and contributing to the successful delivery of projects.
- **Attention to Detail:**  
The integration of payment systems and development of detailed database management solutions, including creating PL/SQL programs during the Accenture Data Management Bootcamp, reflect a meticulous approach to ensuring accuracy and efficiency in technical tasks.
- **Creative Problem-Solving:**  
Initiating and executing the migration of a legacy .NET application to a modern Node.js (Nest.js) framework for falkon.az demonstrates innovative thinking in solving complex software engineering problems.
